

Vision Statement - Building The Future Today

At Laycock Primary School we work together in a happy and nurturing learning community of pupils, staff, parents and Governors to enable all our pupils to achieve their full potential and to prepare them for a positive future. Working together ensures our key expectations are embedded and sustained.

Key expectations:

We will all:

- Present positive attitudes towards learning and life through high quality, child-centred experiences so that all our pupils become independent, successful and confident learners who have high expectations of themselves, make exceptional progress and achieve their potential.
- Have high expectations of our own conduct and that of others so that the school and wider community is a safe, supportive and happy place of life-long learning, of which we are all proud to be a part.

As a result our pupils will develop resilience in all aspects of life and become responsible citizens: Building The Future Today.

Aiming High Together
