Planning school trips

Prior to planning a school trip, the following guidance will be read by the organisers:

- DfE (2018) 'Health and safety on educational visits'
- HSE (2011) 'School trips and outdoor learning activities'

A thorough risk assessment will be conducted by the designated trip leader during the planning of the trip, to ensure pupil and staff safety.

When partaking in adventure trips, activities will always be identified at the planning stage and never added during the trip. When planning water sport activities, the need for instructors and lifeguards will be taken into account, particularly when using facilities which may not have a trained lifeguard present.

The school will do everything in its power to ensure that all pupils are given an opportunity to participate in school trips, for example, organising two trips with a smaller group size or finding a venue which can cater for all pupils.

When planning an educational trip or activity, the board of trustees will ensure the trip does not discriminate against a particular individual, group of pupils or single school. Each school will have an equal opportunity to participate in a pre-planned trip or activity. Any disputes relating to pre-planned educational trips or activities will be discussed and resolved at board level.

Risk assessment process

Our risk assessment process is designed to manage risks when planning trips, while ensuring that learning opportunities are experienced to the fullest extent. The individual carrying out the risk assessment process will have the skills, status and competence needed for the role, understand the risks involved, and be familiar with the activity.

The process is as follows:

- Identify the hazards
- Decide who might be harmed and how
- Evaluate the risks and decide on precautions
- Record findings and implement them
- Review assessment and update if necessary

Vetting providers

The educational visits administrator will check the following to ensure they are a suitable organisation to work with:

- Their insurance arrangements
- Their adherence to legal requirements
- Their control measures
- Their use of vehicles
- Staff competency levels
- Safeguarding policies
- The suitability of their accommodation
- Any sub-contracting arrangements in place
- The presence of necessary licences

If it is deemed appropriate to engage with an external provider, a written agreement will be created outlining what each party is responsible for. If an organisation does not meet the school's standards, they will not be considered.

Equal opportunities

The school promotes values of equality and does not discriminate against any individual or group of pupils when organising a trip. The extra-curricular trips and activities offered to pupils will provide new experiences and develop life skills. Extra-curricular trips and activities are organised, managed and conducted in accordance with the school's Equal Opportunities Policy.

Due to the popularity of some extra-curricular trips and activities, the school offers places on a first come, first served basis. Any individual, staff or otherwise, shown to be taking preference over one pupil or a group of pupils will be subject to formal disciplinary action.

Where possible, pupils will be given the opportunity to contribute to the planning and organisation of extra-curricular trips and activities.

For school trips that require additional payment, the fee will be reasonable and help will be provided where possible for pupils who cannot afford the initial fee.

Parental consent

Parental consent is required for off-site activities that take place during school hours. Written consent is especially required for:

- Activities of an adventurous nature.
- Residential trips.
- Foreign trips.
- Trips outside of school hours.

If preferable and appropriate, parents may complete an annual consent form at the start of any academic year which gives consent for their child to be involved in any and all activities, both on and off-site, that take place at any time, including the school holidays. Separate consent will be sought for trips which require payment. Parents will be informed of activities by letter and will have the opportunity to withdraw their child from taking part.

Staffing ratios

Ratios will differ according to age and need of the children. The ratio will be determined by the SLT, an example of ratios: 1:5 EYFS, 1: 8/10 KS1, 1:10/12 KS2 – Depends on age and ability of group, pupils with SEND and nature of journey

Insurance and licensing

When planning activities of an adventurous nature in the UK, the educational visits coordinator will check that the provider of the activity holds a current licence. Insurance will be organised for every trip, no matter how short, to ensure adequate protection and medical cover is in place. Parents will be informed of the limits of any insurance cover.

Where a crime is committed against a member of the party, it will be reported to local police as soon as possible.

Medical expenses will be recorded and stored in the school office.

Accidents and incidents

In the case of accidents and injuries while on a school trip in the UK, the school's accident reporting process will begin, as detailed in the Health and Safety Policy. In the case of accidents and injuries while on a school trip abroad:

- Organisers will cooperate fully with local emergency services and understand that any injury or death of a member of staff or pupil outside of Great Britain may be subject to the law of the land where the accident occurred.
- The first point of contact within the UK will be the headteacher who will contact the family of the injured person.
- Pupils will be asked not to contact friends or parents in the UK until the family of the injured person can be contacted.
- The British Embassy/Consulate will be informed.
- The insurer will be notified.

The headteacher will keep written records of any incidents, accidents and near misses.

Media enquiries will be referred to the headteacher or, if they are not available, the deputy headteacher or the clerk to trustees.

Staff will use guidance as set out in the Business Continuity Plan, in particular the 'initial response' section, to ensure the safety of pupils and staff should anything happen, e.g. a terrorist attack. Staff will be briefed on how to react and respond should an emergency situation occur, e.g. a terrorist attack. Relevant risk assessments will be undertaken before the trip, including for points of interests such as museums and hotels. Pupils and staff are informed of an evacuation plan before entering trip venues; this should include an agreed rendezvous point, to ensure everyone knows what to do in an emergency.

To ensure pupils are easily identifiable, they must wear school uniform where possible. Failing this, pupils will be given a badge with the school logo on, which must be worn at all times.

Missing person procedure

The school places pupil and staff safety as its top priority when participating in school trips, either domestically or abroad.

Before embarking on the trip, extensive risk assessments are undertaken. The educational visits coordinator will communicate with the venues of the school trips to ensure the correct group sizes are planned for each setting.

When travelling with a pupil with SEND, the educational visits coordinator will ensure an adult is with them at all times and that the visit is adequately modified to suit the pupil's needs.

Everyone on the trip will be provided with a contact sheet for all members of staff, in the event they are unable to locate their group. All staff members will be required to carry mobile phones with them at all times.

Upon arriving at every venue, the designated trip leader will identify a rendezvous point where pupils and adults should go if they become separated from the rest of the group. Pupils and staff will wear school branded clothing, in order to make them easily identifiable.

Regular head counts of all pupils and staff will take place throughout the day to ensure all persons are present at all times.

In the event someone goes missing whilst on a school trip domestically or abroad:

- The designated trip leader will ensure the safety of the remaining pupils and staff by taking a register to identify who is missing.
- The designated trip leader will immediately identify at least one adult to start looking for the person and another adult to contact them via phone; these people will look for the person until, where necessary, the police arrive.
- Where possible, the venue will be notified of the missing person to help ensure the person is found quickly.
- If the person cannot be contacted or located within 10 minutes, the local police or relevant authorities, e.g. the British Embassy, will be contacted along with the Headteacher.
- If the police, or another authority, is called to an incident where someone is missing, they will oversee locating the person and will advise on factors including, but not limited to, when to contact next of kin.

If the missing person cannot be found, the group will return to school. If this is not possible, e.g. when a trip is taking place abroad, the educational visits coordinator will make arrangements to ensure the group's safety, e.g. by changing venues or cancelling visits.

If a member of the party has gone missing and is subsequently found, the trip leader will:

- Review the group sizes and staffing ratios to ensure no one becomes separated from their group.

- Review whether more registers should be conducted throughout the day.
- Assess which venues they attend to ensure they are suitable for the group.
- Make recommendations to the educational visits coordinator to ensure similar incidents can be avoided in the future.

Pupils with SEND

Where possible, activities and visits will be adapted to enable pupils with SEND to take part.

Where this is not possible, an alternative activity of equal educational value will be arranged for all pupils. Pupils with SEND will be accompanied by a responsible adult during the extra-curricular trip or visit.

Finance

The financial procedures outlined in the school's Charging and Remissions Policy will always be followed when arranging trips.

The school will act in accordance with the DfE's guidance document 'Charging for school activities' (2018) and, therefore, will only charge for trips which are classed as an 'optional extra'. This is education provided outside of school time which is not:

- Part of the national curriculum.
- Part of a syllabus for an examination that the pupil is being prepared for at the school.
- Part of religious education.

Money for school trips will always be paid directly to the school. Under no circumstances should school trip money be processed through personal accounts.

All letters to parents regarding school trips will include a clause explaining what will happen in the event that the trip is cancelled or a pupil cancels their place on the trip.

In the event that the trip is cancelled due to unforeseeable circumstances, it is at the headteacher's discretion as to whether a refund is given to parents. The headteacher will consult the governing board on the matter, taking into account the cost to the school, including alternative provision costs.

In the event that a pupil cancels their place on a trip, it is at the headteacher's discretion as to whether a refund is given to parents. The headteacher will consult the Chief Executive if necessary on the matter, taking into account the pupil's reasons for cancelling their place, whether the school will be reimbursed for the pupil's place on the trip, and whether the space on the trip can be offered to someone else. Where a pupil has previously cancelled a space on a school trip and received a full refund, the school has the right to refuse to allow the pupil to attend future trips and visits.

The school will take a common-sense approach to refunds and cancellations, ensuring that all pupils are treated equally. Any charge made in respect of pupils will not exceed the actual cost of providing the trip divided equally by the number of pupils participating.

Once trip arrangements are booked and confirmed, if contributions to a trip exceed the total cost of the trip, a refund will be given where the excess is greater than £1 per pupil. Any excess of expenditure will be budgeted for.

Foreign trips

When planning school trips abroad, the school will consider the Foreign and Commonwealth Office's guidance 'Safer adventure travel and volunteering overseas' (2015) and, where an activity poses significant risks, the school will also consult the British Standard for adventurous activities outside the UK.

Validity of passports and visa requirements will be dealt with within three months of the initial notification of the trip, to avoid problems when the trip is due to take place.

Staff and pupils will be taught about the culture and values of the country they are visiting, to ensure they understand and respect the values of the citizens.

Before the trip the educational visit coordinator will check the travel advice for each country the trip will visit to ensure no visa or permit is needed and to check any other regulations or time limitations.

Staff and pupils will be made aware that they must not have spent over 90 days in the EU, Switzerland, Norway, Iceland or Liechtenstein, within a 180-day period if they intend to participate in any trips within these countries.

Before the trip, the relevant healthcare and travel insurance checks will be conducted to ensure attendees are covered for

medical issues or accidents.

Pupils and staff will be informed if they need to apply for a free Global Health Insurance Card (GHIC) or European Health Insurance Card (EHIC) to ensure they can access state-provided healthcare during a temporary stay in the EU.

Before the trip, staff are trained in spotting suspicious behaviour and remaining vigilant whilst abroad. Before the trip, pupils will be taught how to remain vigilant in the country they are visiting, particularly about advances from strangers.

Registers will be taken at the start and end of each day, as well as before, during, and after events, and at regular intervals whilst on days out to ensure the whereabouts of pupils are known at all times.

Staff will check the location's local news at the start of each day of the trip, to ensure their planned activities are safe to go ahead. A minimum of two members of staff attending the trip will have at least an intermediate understanding of the destination country's language.

At the start of the trip, all pupils and staff are provided with an emergency contact sheet, this includes the trip leader's mobile phone number, as well as emergency numbers and phrases for the country they are visiting.

When using external providers abroad, the school will check whether the provider holds an equivalent of the 'Learning Outside the Classroom Quality Badge'. If no such equivalent can be ascertained, the school will make checks prior to agreeing to use the provider.

Evaluating trips and visits

Following an educational trip and/or visit, the educational visit coordinator will meet with any staff members present on the trip to assess the success of the trip in respect of both educational value and safeguarding effectiveness.

Based on this assessment, recommendations will be made to improve future trips and visits.

[This appendix has been created to help schools outline the procedures in place when organising and conducting a school trip during the coronavirus (COVID-19) pandemic. We have created this appendix in accordance with the latest government guidance. Please amend this appendix as necessary to ensure it suits your school's circumstances.]

Statement of intent

The school aims to act in accordance with the Educational Visits and School Trips Policy set out above as much as possible; however, we understand the necessity for additional considerations and protocols during the coronavirus (COVID-19) pandemic. This appendix sets out what additional actions the school will take during this time to ensure school trips are conducted in line with compulsory health and safety regulations. The appendix covers pre-trip planning procedures as well as actions to carry out when off the school site during the school trip.

1. Planning a school trip with control measures

School trips will be planned in relation to the most up-to-date government guidance, and continuously reviewed to ensure the proposed school trip is compliant with all relevant restrictions. The school will also have a contingency plan in place to mitigate the disruption caused to planned trips by any possible changes to government guidance. Any changes to proposed plans for school trips will be communicated to parents, pupils and staff as soon as possible.

The designated trip leader will conduct a comprehensive Coronavirus (COVID-19): School Trip Risk Assessment that considers specific coronavirus-related control measures to ensure the trip is safe to proceed. An individual risk assessment will be conducted for each individual school trip to account for the necessary covid-secure measures which may differ from trip to trip. The educational visits coordinator will approve each specific individual risk assessment to ensure the proposed trip is safe to conduct.

The number of attendees and size of the group travelling off site will be considered by the educational visits coordinator to ensure it is appropriate and compliant with health and safety measures.

The school ensures that the trip destination's infection control measures and social distancing rules are communicated to pupils who are attending the trip in advance. Staff will be informed of the control measures before the pupils so they can enforce the rules at all times. All participants on the trip will adhere to the Coronavirus (COVID-19): School Trip Risk Assessment in order to enforce adequate and practical measures to protect the health and safety of both staff, pupils and the general public.

Pupils are expected to participate in any infection control and social distancing measures deemed necessary, e.g. wearing a mask off the school site. Pupils whose behaviour is purposefully contrary to the outline infection control measures will be disciplined in line with the Behavioural Policy.

Parents will be informed of arrival and departure procedures for the school trip in advance to avoid congestion when dropping off and collecting their children from school. Parents will be made aware of safety control measures and assured that the trip is safe to go ahead.

2. Vetting providers

The designated trip leader will ensure that the school trip provider and/or destination is compliant with the relevant government guidance regarding social distancing measures and procedures.

The designated trip leader will ensure the travel company providing transportation for the school trip is compliant with the relevant government guidance. The school will maintain ongoing contact with the school trip provider and/or destination to keep up to date with any additional information.

The school will also ensure the school trip provider has conducted a risk assessment which makes specific consideration for coronavirus restrictions. When considering external providers for activities, the educational visits coordinator will check whether the destination is able to host pupils adequately and safely.

3. Foreign trips

In accordance with national government guidance, the school will not carry out school trips which involve travelling abroad. This will be reviewed in line with the government guidance.

4. Monitoring and review

The headteacher is responsible for continually monitoring PHE and DfE updates and updating this appendix in line with any changes to government guidance. Any changes to this appendix will be communicated to all staff, parents and relevant stakeholders.
